ON CAMPUS EMPLOYMENT

Select "Jobs" on the left toolbar

The screenshot displays the Handshake interface. On the left, a vertical toolbar contains several options: 'Explore' (highlighted with a grey background), 'Feed', 'Inbox', 'Jobs' (indicated by a blue arrow), 'Events', 'People' (with a 'New' badge), 'Employers', and 'Career center'. The main content area is titled 'Explore' and features a header for 'South Dakota School of Mines & Technology' with a sub-header 'View your school's resources'. Below this is a blue notification bar stating 'Protect your account! Provide a non-school email to ensure you can access Handshake after graduation.' with an 'Add email' button. The section 'Top jobs in your major' includes three job listings: 'Industrial Engineer' at Nyne InfoTech, LLC; 'Entry Level General Posting' at SRF Consulting Group, Inc.; and '2026 BlackRock Summer Internship Program' at BlackRock. Each listing includes details about the job type, location, and when it was posted. At the bottom, there are search filters for 'Part time', 'Full time', 'Remote', 'Rapid City, SD', 'Internship', and 'On campus'.

ON CAMPUS EMPLOYMENT

Go to "SD Mines Collections" and start typing "On-Campus Employment"

The screenshot displays the SD Mines Collections job portal. On the left is a navigation sidebar with a yellow 'H' icon and links to Explore, Feed, Inbox, Jobs (highlighted), Events, People (marked 'New'), Employers, and Career center. The main content area has tabs for Jobs, Search, and Saved. A search bar contains 'SD Mines collections', with a dropdown menu showing 'Choose a collection' and options like 'Hires from our school' and 'On Campus Employment (including Federal Work Study)'. Below the search bar, a list of jobs is shown, including 'Ivy Brothers Business Operations Intern', 'Polaris Pathways, LLC Executive & Project Assistant', 'STEM Diverse Talent Solutions Process Engineer', and 'South Dakota School of Mines & Technology Maker-In-Residence (HELLO Lab)'. A right-hand panel titled 'At a glance' provides details for the selected job: \$60-80/hr, Remote, Internship, and US work authorization not required. A 'Get the app' button is at the bottom left.

We are looking for a dynamic and motivated individual to join our team as a Business Operations Intern. As an intern, you will have the opportunity to gain hands-on experience in various aspects of business operations, including project management, and process improvement. For the right candidate, this internship will offer you the chance to get a leadership position at our organization and make a huge impact.

The maker-in-residence role will engage undergraduate students in the design and fabrication of DIY, maker projects using lab equipment such as the 3D printer, laser cutter, and other rapid and digital fabrication tools. They may take part in ongoing engineering education research projects to collect and understand student prototyping habits. Additionally, they may support outreach activities and events.
